Abstract (en)

A writing implement suitable to be used by those with handicap in their hands and/or finger(s) comprising a grip (11) having a terminal end (11b) having a curved surface adapted to contact with the palm of a user, the grip (11) being formed such that the grip (11) is held with the fingers and the palm in such a way that the grip (11) is wrapped by the hand, and a pen point (12) extending from a front end (11a) of the grip (11) with a given angle. The grip (11) can optionally have one or more concave contours adapted to fit the finger(s) of the user, wherein each concave contour can fit one or more fingers. <IMAGE>
