Abstract (en)

[origin: WO9925879A1] Process for association of additives such as flavours, essences, extracts, essential oils to natural sweeteners like saccharose and artificial sweeteners, especially in individual portions in the form of lumps (15) or powder, packaging with a double twist or in packets whose shapes, colours and wording correspond to the additive (16) used to give flavour, aroma, colour, energy, vitamins, mineral salts to beverages in general as a result of their being sweetened at the moment of consumption.
