Abstract (en)
[origin: EP0933839A2] There is disclosed a bayonet-fitting bulb holder having a socket and a cover plate therein for the contact pins which has apertures for the pins and which is moved by the action of inserting a bulb so as to align the apertures with the pins and by the action of removing a bulb so as to cover the pins and comprising a locking arrangement preventing movement of the cover plate from the pin-covering position except by inserting a bulb or like member filling the socket. <IMAGE>
