

Title (en)

A method of insulating and transporting heat from the components of a transformer by means of a fluid and transformer impregnated with a fluid.

Title (de)

Verfahren zum Isolieren und Abführen von Wärme von den Bestandteilen eines Transformators mittels eines Fluidums und mit einem Fluidum imprägnierter Transformator.

Title (fr)

Procédé pour isoler et éliminer la chaleur des parties constituantes d'un transformateur au moyen d'un fluide et transformateur imprégné au moyen d'un fluide.

Abstract (en)

The use of transformer fluids comprising hydrogenated polyalphaolefins prepared from polymers and copolymers of alphaolefins having from six to twelve carbon atoms is disclosed. The fluids are characterised by outstanding dielectric, thermal and physical properties.
