Abstract (en)
Prefabricated building, the elements of which are delivered to the site in at least one container (1) containing the various constituent elements. The container forms a vertical supporting structure (6) for the roof. <IMAGE>

Abstract (fr)
Bâtiment préfabriqué dont les éléments sont livrés sur le chantier dans au moins un conteneur (1) comportant les différents éléments constitutifs. Le conteneur forme une structure de support vertical (6) de toiture.
