Abstract (en)
1. Multichamber plastics section, especially for window or dorr frames, with chambers formed between two walls extending parallel to one another in the length direction of the section by transverse walls or partitions branched off therefrom and with preferably metal reinforcing section extending in the length direction of the section and which are embedded in the walls or transverse walls or partitions, characterised in that reinforcing sections (4) with hollow cross-section and an internal screw thread formed on the inside of the reinforcing sections are provided.

Abstract (de)
Mehrkammerige Kunststoffhohlprofile insbesondere für Fenster- oder Türrahmen mit in Längserstreckung der Profile vorgesehener metallischer Verstärkungsprofile (4), wobei die Verstärkungsprofile (4) vollständig in die Profilwände eingebettet sind.
