Abstract (en)
[origin: WO7900569A1] An inflatable balloon-advertiser (10) having a reflective, mirror-like finish and comprised of two non-elastic thermoplastic sheets (11, 12) heat sealed first along their peripheral edges (13, 14) in the configuration of the balloon-advertiser and then again at a distance from about 1/32 to about 1/2 inches from the first heat seal, the balloon-advertiser having at least one tab-like extension (16) that is provided with an opening through which the balloonadvertiser may be inflated.

Abstract (fr)
Le ballon gonflable a usage publicitaire (10) presente l'aspect reflechissant d'un miroir, il est constitue de deux feuilles thermoplastiques non-elastiques (11, 12) scellees a chaud, une premiere fois le long de leur peripherie (13), 14) pour leur conferer la forme d'un ballon et une seconde fois a une distance comprise entre 1/32 et 1/2 pouce de la premiere soudure. Le ballon publicitaire presente au moins un appendice (16) au moyen duquel il peut etre gonfle.
