Abstract (en)
A diaper cover to be secured about an infant has a rear and hip covering portion (2) with a pair of extensions (5,6) to be secured at the front by interengaging fastening members (7,8). A groin covering portion (4) and an abdomen covering portion (3) are integral, and can be secured by means of extensions (9,10) on the abdomen covering portion extending around the infant to be secured to the rear covering portion (2) by further interengaging fastening members (11,13 and 12,14).
