Abstract (en)

In order to shorten inspection times for steam turbines, a multi-part foldable assembly platform is proposed which has movable feet (1) on a multi-part standing surface (4, 4', 4"), the individual parts (4, 4', 4") of the standing surface being connected to one another by means of hinges in such a way that they can be folded up one on top of the other. <IMAGE>

Abstract (de)

Um bei Dampfturbinen die Revisionszeiten zu verkürzen, wird eine mehrteilige, klappbare ausgebildete Montagebühne vorgeschlagen, welche bewegliche Fussteile (1) an einer mehrteiligen Standfläche (4, 4', 4") aufweist, wobei die einzelnen Standflächenteile (4, 4', 4") mittels Scharniere so untereinander verbunden sind, dass die übereinanderliegend zusammenklappbar sind.
