Abstract (en)

1. Wheel-mounted an folding mobile work-shop comprising a parallelepipedic cabinet (1, 2, 3) opening on one face, equipped with a hinged door (24) on the opening face and with two wheels (7), characterized by, on one hand, the fact that said cabinet is divided vertically into two sections, one of which constitutes the slide for a collapsible sliding tool-holding panel (8) and, on the other hand, by the fact that the hinged door (24) is constituted of a frame (16) serving as slide to a board (24), to be removed at will by means of a pivoting handle (25) enabling to obtain, either a hollow or solid bench when unfolded or a sliding door when folded to have access to all the tools.

Abstract (fr)
