Abstract (en)
[origin: WO8102280A1] Sausage feeding machine to convey haphazardly arriving sausages in ordered rows suitably spaced from each other. The machine has forward moving means (2, 3), which move at higher speed than the approaching sausages and converge towards each other so as to catch each sausage in turn and carry it with them. The machine can operate at high speed without production stops by clogging.

Abstract (fr)
Machine de conditionnement de saucisses servant a acheminer des saucisses arrivant au hasard dans des rangees ordonnees espacees entre elles de maniere appropriee. La machine possede des moyens de deplacement en avant (2, 3), qui se deplacent a une vitesse superieure a celle des saucisses arrivant et convergent l'un vers l'autre de maniere a saisir chaque saucisse et a l'entrainer avec eux. La machine peut fonctionner a grande vitesse sans arret de production du a des obstructions.
