Abstract (en)

[origin: EP0046353A2] Primary carpet backing comprising a woven tape backing with staple fiber fleece needlebonded thereto wherein conductive yarns are woven into the backing in superposed or piggy-back relationship to warped yarns, 2 to 8 ends per inch (0.79 to 31 ends/cm) of the conductive yarn being used. The product serves as a primary backing for carpets, the pile yarn being tufted therein. Good anti-static properties are obtained.
