Abstract (en)
[origin: WO8102740A1] Sulfurvulcanizable elastomers derived from thiodiethanol and, in particular to the provision of a novel vulcanization system therefor comprising sulfur and an aliphatic linear, branched chain or cyclic polyethyleneamine or a dissociable organic salt thereof.

Abstract (fr)
Elastomeres vulcanisables au soufre derives de thiodiethanol et, en particulier, nouveau systeme de vulcanisation comprenant du soufre et une chaine ramifiee lineaire aliphatique ou une polyethylene amine cyclique ou un sel organique dissociable.
