Abstract (en)

An insert mask (3) is arranged so as to be removable in a lower part (1) of the tray. Accommodated in several openings (4) of the insert mask (3) there are in each case individual food containers (5) which are each closed by a container lid (9). Located between the lower part (1) of the tray and the insert mask (3) is a cavity (8), into which the food containers (5) project with spacing from the lower part (1) of the tray. <IMAGE>
