Abstract (en)

[origin: EP0082509A1] 1. Arrangement of the indicating hands for a time indicating device to be lit by transmitted light having at least two centrally arranged hands of varying length and a time scale (11) with two disks (3, 4) of varying diameter and made of translucent material, of which the smaller disk (3) is arranged on the hour shaft (1) and the bigger disk (4) on the minute shaft (2) of a time driving device and having at the smaller disk (3) an hour hand (16) left open by an opaque mask, characterized in that the minute hand (17) is made of translucent material and is longer with respect to the hour hand (16) and in that the minute hand (17) is connected to the bigger disk (4) in such manner that it overlaps the smaller disk (3) in radial direction.
