Abstract (en)  
[origin: EP0091031A2] 1. Adapter with a plug for plugging into an earthing contact socket, with a load earthing contact socket and with one or more built-in additional items of equipment, characterized in that, on the side of the plug (1) turned away from the plug pins (2), a plate (6) is arranged parallel to the plug base, in that the load earthing contact socket (3) lies in the plate (6) with a lateral offset relative to the plug (1), and in that the space (10) gained from the lateral offset on or in the plate (6) is used for receiving the additional equipment.
