Abstract (en)
[origin: CA1211778A] WORK TABLE A work table having a pedestal and a table top supported on the pedestal and adapted to support organizational walls, shelves, electrical devices, computers, and telephones, without limiting the work surface of the table or requiring that the work table be placed on a wall. The work table has in a rear region and below the table top a multifunction rail which extends the entire width of the table and is fixedly supported on the pedestal of the table. The multifunction rail is freely accessible from the rear of the table and can support devices which in turn support visible and organizational walls, shelves for additional items, files, lights, and so forth.
