Abstract (en)

A safety tile comprising a concrete bottom tile (6) and a rubber cover tile (1). Air cavities are left free between the bottom tile (6) and the cover tile (1). The cover tile (1) is anchored in the bottom tile (6) because anchoring pins (5, 8) connected with the cover tile (1) extend through openings (7) in the bottom tile (6) so as to be freely movable in a vertical sense.
