Abstract (en)
[origin: WO8303165A1] A process for the preparation of an ordered polymeric film on a substrate, which process comprises: (i) providing a reservoir of the amphiphilic preformed polymer; (ii) advancing the polymeric film receiving substrate into or onto the reservoir at least once; and (iii) recovering the substrate coated with the polymeric film.

Abstract (fr)
Un procédé pour préparer un film polymère ordonné sur un substrat comprend: (i) la présence d'un réservoir du polymère amphiphilique préformé; (ii) le déplacement du substrat devant recevoir le film polymère dans ou sur le réservoir au moins une fois; et (iii) la récupération du substrat revêtu du film polymère.
