Abstract (en)

[origin: US4615576A] The subject matter of the instant invention is formed by U-shaped, solderless, non-screwed and stripping-free, LSA-PLUS terminals (2, 2a) adapted to be tandem-mounted in longitudinal direction in a terminal strip (1). The terminals are disposed at a relative offset of 180 DEG so that two respective adjacent U-shaped terminals (2, 2a), when viewed from the top, form generally an either X-shape (3) or an O-shape (4).

Abstract (de)

Gegenstand der Anmeldung sind in eine Anschlußleiste (1) hintereinander in Längsrichtung steckbare U-förmige LSA-PLUS-Anschlußkontakte (2, 2a), die jeweils um 90° verdreht zueinander angeordnet sind, so daß zwei benachbarte U-förmige Anschlußkontakte (2, 2a) in der Draufsicht eine X-förmige Gestalt (3) oder O-förmige Gestalt (4) annehmen.
