Abstract (en)

[origin: EP0126336A2] 1. Folding carton with a base that consists of a bottom panel, a front panel, a back panel and side panels and a lid that is hinged to the back panel of the base and has flaps that cover the other panels of the base at least partially, the lid being attached by adhesion to the front panel (5) of the base by a front flap (6, 21, 37) and to the side panels (11, 29, 33) of the base by side flaps (9, 25, 36) with measures to detain these flaps from the base being provided, wherein a sealable coating, the sealing power of which is reduced by overprinting with printing ink, is provided to attach the lid and base together.
