Abstract (en)
[origin: WO8404462A1] Expansion instrument (1) sliding on a guiding yarn, made of transparent plastic material and comprising an initial symmetrical section (3), a conical section (4) and a terminal cylindrical section (5), the instrument being provided with a radio opaque marker (8) and with a central channel (6). Assembly comprised of a plurality of instruments of which the increasing terminal gauges are adapted to a progressive expansion.

Abstract (fr)
Instrument de dilatation (1) coulissant sur un fil guide, réalisé en matière plastique transparente et comprenant un tronçon cylindrique initial (3), un tronçon conique (4) et un tronçon cylindrique terminal (5), l'instrument étant pourvu d'un marqueur radio-opaque (8) et d'un canal central (6). Ensemble constitué de plusieurs instruments dont les calibres terminaux croissants sont adaptés à une dilatation progressive.
