Abstract (en)
[origin: EP0151420A2] The tile (10) has the form of three superposed rectangular plates (12, 14, 16) of the same size, of which the top plate (12) lying on the visible side and - to a lesser extent the bottom plate (16) - are offset in the direction of two axes, relative to the middle plate (14), in order to form a groove/tongue arrangement. The grooves and tongues are provided with locking means (36, 38) for locking adjoining tiles. <IMAGE>
