Abstract (en)
1. Hinged fitting (1) for furniture legs (6), particularly table legs or the like, with a stand (11) associated with a furniture body, such as a table top (3), which has a locking member (12) for a counter member (21, 27) of leg (6) disconnectably fixing the leg (6) in the use position, a rigid stop body (30) limiting the swivelling movement to the use position is connected to a bearing rod (9) for leg (6) mounted in the vicinity of its ends in swivel bearings about a swivel axis (10), said stop body engaging in the use position with a stop face (31) on a stop counterface and in which on the fitting (1) is provided at least one stacking member (30) connected to the bearing rod (9) and whose stacking face (32) forms in the storage position the lowest lying surface of the furniture, which is substantially parallel to the table surface, characterized in that the stop body (30) and the stacking member are located directly on the bearing rod (9) between its swivel bearings.

Abstract (de)
Ein Klapp-Beschlag (1) für Tisch-Beine (6), der mit einer Konsole (11) an der Unterseite einer Tischplatte (3) zu befestigen ist, weist eine Lagerstange (9) für das zugehörige Tisch-Bein (6) auf, an deren Umfang ein Rastkörper (21) mit einer Umfangs-Rastnocke (22) starr befestigt ist, deren Sperrflächen (23, 24) die Rastflächen (13, 14) eines oberhalb des Rastkörpers (21) und unterhalb der Konsole (11) liegenden, ausrückbaren Arretiergliedes (12) zugeordnet sind. Dadurch kann bei sehr kompakter Ausbildung eine so steife Arretierung des Tisch-Beines (6) erzielt werden, daß trotz einfacher Handhabung keine gesonderten Versteifungen erforderlich sind.
