Abstract (en)  
[origin: EP0197528A1] A small watercraft having a rider's seat (14) at a rear deck on the hull (2) and a steering handle (9) extending upwards from the deck. Aforesaid steering handle (9) is provided with a member (15) creating buoyancy. It is advisable that the member (15) creating buoyancy is made of foam polyethylene or foam urethane or other resins, which is split in halves and secured across the steering handle (9).
