Abstract (en)

[origin: EP0199336A2] 1. Multipack for at least two containers (1) with a preferably round cross-section, such as cans, arranged in a row, around the bases of which a band-like strip (2) is placed, the ends of which overlap and are joined together by at least one glued seam (K), wherein the containers (1) are glued together and wherein the containers (1) are at least spot glued to the strip (2), particularly when more than two of them are arranged in a row.
