Abstract (en)  
[origin: EP0202862A2] The invention provides a combination of a portable headrest and sunshade, comprising a frame member (1, 2, 3), a headrest (13) supported and at least partly surrounded by the frame member, and an adjustable sunshade (14) supported by at least one strut (5, 6, 8, 9) hinged to the frame member so that the sunshade can be spaced apart from the headrest in use or positioned close to the headrest when the latter is to be carried.
