Abstract (en)
[origin: WO8603384A1] An inner sole for shoes with elements located at a distance from one another, having an acupuncture action (13...23) especially made of metal, such as copper or similar. The inner sole (10) is provided at least in partial areas with slits, cut-outs (11), holes (12) or markings in which the acupuncture-effective elements (13...23) can be individually inserted or to which these elements can be individually secured.
