Abstract (en)

There is described a container for emergency articles for watercraft. The container consists of a box body (1) having flattened configuration, provided on the bottom wall (2) thereof with a means whereby the body (1) can be removably attached to a flat area (3) of the watercraft. The box body (1) is further provided on the top wall thereof with an orifice for access to the interior of the box body (1), fitted with a closure cover (11).
