Abstract (en)
The invention is concerned with a combined greetings card and gift package comprising a substantially rectangular container (10) for a T-shirt (30) or other gift and, folding onto the front face (12) of the container, a cover flap (22) which forms, with the face (12) a greetings card having "Happy Birthday" or other appropriate greetings printed thereon. The container (10) is made of the same card material as the cover flap (22) and is integrally formed with the latter as a result of making them both from a single blank (38).
