Abstract (en)
1. Geared folder with a cutting cylinder (15), a fold blade cylinder (8) cooperating with the cutting cylinder and fold rollers (11) cooperating therewith, both cylinders being equipped with controllable sheet transport means, characterized in that the fold blade cylinder (8) and the cutting cylinder (15) are provided with the same number of fields, and in that this number of fields is larger than one and is an odd number.

Abstract (de)
Die Erfindung betrifft einen Räderfalzapparat bei dem die Anzahl der Felder des Falzmesserzylinders größer eins und die Anzahl der Felder des Schneidzylinders größer oder gleich der Anzahl der Felder des Falzmesserzylinders und ungeradzahlig ist.
