Abstract (en)

[origin: WO8605981A1] Treatment of non-ulcer dyspepsia associated with Campylobacter pyloridis infection by the administration of bismuth salts. The administration of bismuth salts in association with antibiotics has been found to be particularly efficacious. A pharmaceutical composition for use in the performance of the present invention is also disclosed.

Abstract (fr)

Traiteme nt de la dyspepsie non ulc r euse associ e a une infection par le Campylobacter pyloridis par administration de sels de bismuth. L'administration de sels de bismuth en association avec des antibiotiques s'est r v l e particulierement efficace. Une composition pharmaceutique destin e a tre utilis e avec la pr sente invention est g alement d crite.
