Abstract (en)
An under garment for wear to provide both lower back and abdominal support and particularly adapted for wear by a pregnant woman. The garment is a panty having a body with a first continuous belt (22) secured thereto encircle the wearer around the lower portion of the abdomen and above the buttocks of the wearer. The first belt (22) includes a fastening means (40,42) providing adjustment of tension and to accommodate growth. A second belt (25) is secured to the rear of the body of the panty and includes distal portions (31, 32) adapted for attachment to the garment and more specifically to the first belt (22) to provide lower back support,
