Abstract (en)
[origin: WO8703737A1] The high-voltage transformer is connected by means of clips (15, 17) to its high-voltage output wires. The ends of said wires are firmly held in vertical ducts (7, 8) moulded with the potting of the winding of the transformer. Application to colour television sets.

Abstract (fr)
Le transformateur haute tension de l'invention est relié par enclipsage (15, 17) à ses câbles de sortie haute tension. Les extrémités de ces câbles sont maintenues fermement dans des cheminées (7, 8) moulées avec l'enrobage du bobinage du transformateur. Application: téléviseurs en couleurs
