Abstract (en)
[origin: EP0240454A1] A multiconnector block (19) for insertion between a junction block (4) and wire harness connectors (13), has a first array of terminals (24) to interconnect with the junction block (4), a second array of terminals (26) to interconnect with the connectors (13), and electrical connections among selective of the first and second arrays of terminals to provide required electrical circuitry.
