Abstract (en)

[origin: DE3539959A1] For the transport through drying installations of printed circuit boards with various widths, the printed circuit boards being held by opposite edges only, the retaining arms or board holders are by themselves or automatically adapted to the width of each printed circuit board before they enter into the drying plant.

Abstract (fr)

Lors du transport de plaquettes de circuits imprimés de largeurs diverse à travers des installations de séchage, les plaquettes étant retenues uniquement par leurs bords opposés, les bras de support ou porte-plaquettes sont automatiquement adaptés à la largeur de chaque plaquette avant leur entrée dans les installations de séchage.
