Abstract (en)
[origin: EP0248360A2] Poster paper (I) intended to be fixed by means of adhesive substance onto a surface for advertisements, announcements or the like information comprises a fibrous layer (2), on the front side thereof a surface (3) for figure and on the back side thereof a surface (4) for adhesive substance. The fibrous layer comprises a top layer (2a) and a bottom layer (2b), which are releasably attached to each other so, that the paper can be peeled in the direction of its plane along the boundary surface (7) situated between the top layer and the bottom layer, when a new poster sheet is fixed onto the old one.
