Abstract (en)

[origin: WO8703564A1] Urban furniture comprised of a main body (3) resting on a bearing base (2). The body (3) is provided at its upper part with two nested flower stands (5). Said body (3) contains at least a container (7) intended to receive objects and accessible through a large door (8). The body (3) comprises on each of its four faces, a display or advertising panel, illuminated or not, forming an advertising support (11). The door (8) acts as one of the advertising support faces. The body (3) is topped by an upper volume (4) of which two faces (9, 10) form, each of them, a display panel, illuminated or not, as an advertising display support. The other faces (20, 21) comprise each at least one opening through which are introduced the objects to be received in said furniture, which objects are collected through the door (8) provided in said body (3). The upper volume (4) is itself topped by a ridge roof (13). Such furniture is applicable to a dustbin combined with a newspaper basket or a letter box.
