Abstract (en)

1. A sock (1, 10, 20) which is made of threads (4, 12) as knitted or woven knitwear in which sock the knitwear has supporting elements (5) formed as thread arcs, directed towards the foot when worn on the leg, which serve to generate motion of the knitwear away from the foot with leg motions, characterised in that the supporting elements are formed as stitches of a loop plush in which the loops are directed towards the sock foot and have the form of an exposed thread arc.
