Abstract (en)

[origin: WO8703891A1] Derivatives of polyaspartic and/or polyglutamic acids of which the side chains comprise COOH groups capable of forming cyclic anhydrides. Said polyacids and anhydrides are useable for the production of medicaments.

Abstract (fr)

Dérivés des acides polyaspartique et/ou polyglutamique dont les chaînons latéraux comportant des groupes COOH susceptibles de former des anhydrides cycliques. Ces polyacides et anhydrides sont utilisables pour la fabrication de médicaments.
