Abstract (en)  
[origin: EP0257311A2] Dancing-Musical Instrument is a new type of musical instrument and performance apparatus to be used with the special performing art "Instrument dance", "instrument exercise", "instrument boxing" etc. It comprises a floor keyboard, on which the performer can either do the dancing, or produce switching signals with the performer's feet, hand or hand hammer in accordance with the intention of the performer; a similar wall keyboard; a multi-color system and an electronic organ circuit. The performer can play on the floor keyboard while at the same time adjusting with ease the tone, timbre, volume and color, to achieve the multiple artistic effect of producing the shape, sound, light and color by the same performer.
