Abstract (en)

Cheese which has been packed under vacuum in a plastic foil often leads to complaints that once the package has been opened, it is torn and provides insufficient material for careful re-packaging of the rest. It is therefore suggested to include in each package a folded piece of packaging foil which could carry a printed inscription giving hints of how to make the best use of the cheese, the manufacturer, etc.

Abstract (de)

Kaesestueck verpackt in Kunststofffolie, wobei mit der Kaese ein weiteres, fuer zukuenftig Gebrauch bestimmtes Verpackungsmittel durch die Kunststofffolie umschlossen wird.
