Abstract (en)

[origin: EP0270016A2] The construction kit for a goods display box (15.1, 15.2, 15.3) comprises a scannable label rail (13) with a rail groove (20), compartment partition parts (14) having a foot (32) in each case, front panels (17), which can be fitted onto the front edges (16) of the compartment partition parts, and angular pieces which can be connected to the front panels in order thereby to provide guide slots for longitudinal panels to be inserted. Using this construction kit, display boxes of the most varied shapes can be designed in a simple manner. <IMAGE>
