Abstract (en)

Stain removal by means of an absorbent or adsorbent powder. The powder is sprayed onto the stain with force under the effect of propulsion of an inert gas under pressure. Application to all stain removals, domestic and industrial.

Abstract (fr)

Procédé de détachage à sec au moyen d'une poudre absorbante ou adsorbante. La poudre est projetée sur la tache avec force sous l'effort de propulsion d'un gaz inerte sous pression. Application à tous détachages, domestiques et industriels.
