Abstract (en)

[origin: WO8805659A1] Proteins having therapeutic potential as both anticoagulants and as anti-inflammatory agents. The present invention also discloses the use of lipocortins in reducing blood coagulation in warm-blooded animals.

Abstract (fr)

Protéines utiles dans des applications thérapeutiques aussi bien en tant qu'agents anticoagulants qu'en tant qu'agents anti-inflammatoires. Est également décrite l'utilisation de lipocortines pour réduire la coagulation sanguine chez les animaux à sang chaud.
