Abstract (en)

New percussive primer charges and process for their manufacture. The percussive primer charges according to the present invention, which are free from toxic metal, of the type comprising at least one primary explosive, an oxidising agent, a reducing agent and an inert abrasive powder, are characterised in that the said oxidising agent contains cupric oxide.

Abstract (fr)

La présente invention concerne de nouvelles charges d'amorçage à percussion et leur procédé de fabrication. Les charges d'amorçage à percussion selon la présente invention, exemptes de métal toxique, du type comprenant au moins un explosif primaire, un agent oxydant, un agent réducteur et une poudre abrasive inerte, sont caractérisées en ce que ledit agent oxydant contient de l'oxyde cuivrique.
