Abstract (en)
[origin: WO8911169A1] A receptacle (200) for terminator (10) for multiple conductors includes a housing (208), a contact block (204) having a first (240) and a second (242) array of contacts, and a frame (212) with a central plate (302). When the central plate is connected to ground potential the contact arrays are electrically isolated from each other.
