Abstract (en)

A display and dispensing carton 10 formed of a cut and erected blank comprises front 12, rear, side 16 and end 18 panels. A removable portion 24 at the lower end of the front panel is delimited from the rest of the front panel by a line of perforations 26, and is attached on either side to respective side tabs 28 formed of the side panels and similarly delimited therefrom by a line of weakness 26, 30. The side tabs end in outs 32, facilitating severance of the side tabs. The removable portion is removed from the carton to give access to the contents. The outside surface of the carton may carry advertising or other indicia.
