Abstract (en)

[origin: WO8901929A2] Perfluoroalkylorthocarbonates and perfluoropolyalkoxypropanes are disclosed. The perfluoro compounds are synthesized by direct fluorination procedures. The perfluoro compounds are useful lubricants, heat exchangers, vapor phase soldering fluids, solvents, and oxygen carriers.

Abstract (fr)

On décrit des perfluoroalkylorthocarbonates et des perfluoropolyalkoxypropanes. Les composés perfluoro sont synthétisés par des procédés de fluorination directe. Les composés perfluoro sont utiles en tant que lubrifiants, échangeurs thermiques, fluides de soudage en phase de vapeur, solvants et porteurs d'oxygène.
