Abstract (en)
[origin: EP0388655A2] The metallic drawer has a case (10) made of an integral metal sheet blank, whose upright walls (17, 18, 19) form rounded fillets (20) with the bottom wall (16). Different panels (26, 27) can be attached optionally to the case (10). The attachment is effected in that these panels have side pieces (31) which extend towards the rear, overlap the side walls (17) of the case (10) and can be attached to pockets (32) on these side walls. <IMAGE>
